

How do we profile grants?

Our dedicated team of grant editors review and profile hundreds of new grants each month to give you access to the latest funding opportunities. Each grant profile provides a concise summary of the key information you need in a consistent format so you can quickly compare and choose the right grant for your business.

1. Match your needs

Easily determine if the grant aligns with your project funding needs.

3. Boost your chances of success

Aligning your project to the grant provider's objectives significantly increases your chances of securing funding.

5. Check funding levels

Quickly check if the grant will cover your project costs.

7. Maximise grant benefits

Get expert help to maximise the business benefits you get from grants.

Leeds City Region Enterprise Zone - Purchasing Capital Equipment

Purchasing equipment schemes help towards the cost of buying new plant, equipment and machinery to increase production and meet new orders. Depending on the industry, some schemes will help towards the cost of renting plant, equipment and machinery.
